Dear Parents,

By now your child has gained some first experience in primary school. Therefore, in addition to the purely medical aspects covered in today's examination, we will also focus especially on social factors, using the detailed question catalog found in the "Green Booklet". Possible answers are intentionally limited to "agree fully and completely" or "disagree", in order to filter out only those behavioural issues that must be taken seriously. In order to have as complete a picture of your child as possible and to supplement today's examination, we request that you also answer the following questions in advance. **Please circle the appropriate answer.**

Does your child have any speech problems? >> if yes, please describe: >> has your child already begun speech therapy?	No	Yes
Does your child have any hearing problems? >> if yes, please describe: >> has your child already begun hearing therapy?	No	Yes
Does your child have any movement problems? >> if yes, please describe: >> has your child already begun physical therapy?	No	Yes
